

HLAA Kentucky Home Chapter Monthly Meeting

Monday 22nd October 2018 at 6:30pm

We have invited Heuser Hearing Clinic to present a new hearing aid technology called **Earlens** at our 6:30 pm Monday, October 22nd meeting at the Nelson County Public Library, 201 Cathedral Manor, Bardstown. The **Earlens** Hearing Aid uses light and a small lens placed on your eardrum to directly activate your natural hearing system. Since this is not only a new product on the market but also a new approach to aid our hearing and understanding, then this should be a very interesting and informative program. It would also be an excellent program to bring a friend, a neighbor or co-worker who might be struggling with understanding.

Location: Nelson Co. Public Library, 201 Cathedral Manor, Bardstown, KY 40004
